RST™ X-2

- **Ball Color:** Tanzanite
- **RST™ Core:** Four players naturally tend to migrate to those balls that offer more core torque and continuous motion down lane with minimal deflection through the pins.
- **eTrax™ PLUS Pearl Reactive Coverstock:** Provides a larger footprint throughout the entire lane without reducing the responsiveness to friction down lane.
- **Factory Finish:** 1500-grit Polished
- **Engineered For:** Medium Oil - Medium/Heavy Oil Conditions

UFO™ ALERT

- **Ball Color:** Purple Solid / Emerald / Teal
- **E.T.™ Core:** Constructed with built-in cavities to emulate the use of a balance hole, mapping out this ball to match your game will create more overall motion than a traditional asymmetrical ball can offer due to its forward thinking construction.
- **eTrax™ Hybrid Coverstock:** Comprised of 2 parts pearl and 1 part solid, this formulation of hybrid creates added responsiveness to friction down lane without being too uncontrollable down lane. Thus, making it ideal to control and conquer those conditions where more friction is visible.
- **Factory Finish:** 1500-grit Polished
- **Engineered For:** Medium Oil - Medium/Heavy Oil Conditions

HYPED™ PEARL

- **Ball Color:** Black / Carolina / Charcoal
- **Hyped™ Core:** Measuring in as the lowest RG core we have ever offered in the HP2 line, the Hyped Core provides more overall motion than the balls offered in the HP1 line, while providing a touch less motion than our HP3 line offerings.
- **VTC™ Pearl Coverstock:** Versatile Traction Control (VTC) was formulated with durability and consistent performance in mind specifically for the HP2 & HP1 lines. This formula delivers outstanding performance while providing control and versatility without being overly aggressive. So, if stability and control is what you are after, look no further.
